## VISION

To be a reliable and sustainable supplier to the nation's food security system, by way of developing and implementing efficient farm to fork supply chain across the country

## MISSION

Enhance food security in Pakistan by developing sustainable and efficient farm to fork food supply chain system

## ABOUT US

**Unity Foods Limited (UFL)** was founded with a singular vision to transform Pakistan's food sector into a globally trusted force. Since 2018, we've evolved from a challenger brand into one of South Asia's most dynamic agri-business groups, driven by a timeless purpose: **to provide food for life.**

We convert crops into value-added products that nourish lives and power industries, bridging the journey from farm to table through a diversified portfolio of products. Our range spans **Premium Edible Oils, Fortified Staples** (Flour, Rice, Kitchen Essentials, Lentils, Pulses, and Salt), **Confectionery and Bakery, Specialized Fats and Animal Feed Ingredients.** Each category is designed to enrich consumers' lives with fortified nutrition, while enabling our industrial partners to enhance product portfolios and profitability.

Our journey is about building trust, creating value, and shaping industries. Aligning our vision to be a key player in contributing globally to Net Zero, we have strategically entered into the **Global Biofuel market** to meaningfully contribute for the development of renewable and sustainable energy resources. Every strategic expansion, reflects our foresight to meet tomorrow's demand while delivering on today's promise.

At our core, we combine **scale with responsibility.** Clean energy adoption, sustainable sourcing, and ESG stewardship are not peripheral efforts, they form the backbone of our growth model. This disciplined, purpose-driven approach has positioned UFL as a trusted long-term partner for investors, communities, and global markets.

Unity Foods today stands at the forefront of Pakistan's agri-food transformation, **future-ready, trusted worldwide,** and deeply **committed to nourishing lives** while creating enduring value for all stakeholders.

## WILMAR INTERNATIONAL – A STRATEGIC ALLIANCE

When Unity Foods Limited set its course in 2018, it carried a bold vision, to redefine how Pakistan connects to the global food ecosystem. That vision translated into credibility so compelling that it caught the attention of one of the world's most influential names in agribusiness, **Wilmar International**. A Fortune 500 giant and Asia's leading agribusiness group with **1,000+ manufacturing facilities across 30+ countries** and a distribution network spanning **China, India, Indonesia, and more than 50 other markets**.

Since 2018 Wilmar invested twice and built up its sharing holding to **29.09%** by 2020, a powerful vote of confidence in a young company with extraordinary potential. But this was just the beginning. Recognizing Unity's momentum and the stewardship of our founder **Mr. Farrukh Amin**, Wilmar deepened its commitment, securing a **42.17% stake by June 2024**.

Wilmar's global expertise and resources, combined with Unity Foods' deep local insight and passion for fortified nutrition, have created a powerful alliance to shape a future where Pakistan is a key architect in the global food supply chain.

## OUR SUBSIDIARIES

### SUNRIDGE FOODS (PVT.) LIMITED

A proud subsidiary of Unity Foods, Sunridge Foods brings everyday kitchen essentials to millions of households across Pakistan under our flagship brand **Sunridge**. Our diverse portfolio includes **premium and fortified flour, aromatic rice varieties, fortified salt, vitamin-enriched cooking oils, pulses and essential kitchen staples**, all crafted to enrich lives with nutrition and convenience. With state-of-the-art manufacturing facilities and a rapidly expanding network of Sunridge Experience Stores, we continue to redefine the modern food experience.

### SUNRIDGE CONFECTIONERY LIMITED

Located in **Hub, Balochistan**, Sunridge Confectionery Limited is a subsidiary of Sunridge Foods, home to a **world class manufacturing facility** producing a delightful range of confectionery products under the flagship brand **Good Goodies** for the impulse category.

Our growing portfolio spans sweet and savory snacks crafted to perfection, from indulgent **cupcakes, long cakes, slice cakes, and tea bars** to **butter cookies, egg and milk cookies, zebra biscuits, biscotti**, and our **signature Countryside Cookies**. In addition, our savory line features **Snacky, chips, slims, and nimco**, offering consumers an irresistible mix of flavors catering to every taste palette.

At Sunridge Confectionery, we combine **innovation, taste, and quality**, delivering everyday indulgence that brings joy to consumers across Pakistan.

### SUNRIDGE GLOBAL (PVT) LIMITED

A subsidiary of Sunridge Foods (Pvt) Limited, Sunridge Global operates from the **Export Processing Zone (EPZ)**, Karachi, Sindh strategically established to enable efficient, **high-capacity, and future-ready operations**.

The facility processes premium-grade wheat into flour under **stringent quality and food safety standards**, catering to **diverse market needs**. Equipped with **advanced automation and export-oriented infrastructure**, the plant reflects the Group's unwavering commitment to **operational excellence, scalability, and global competitiveness**.

# OUR STRENGTHS

## 200+ PRODUCTS

## INTEGRATED FARM-TO-FORK VALUE CHAIN

Integration with **500+ farmers** through **Ba-Ikhtiyar Kissan pilot program** ensuring quality and traceability from raw material sourcing through processing, packaging, and nationwide distribution.

# OUR BUSINESS PORTFOLIO

In 9 cutting-edge facilities, we produce 200+ high-quality products, driving our flagship brands Sunridge, the gold standard in fortified foods and Good Goodies, powered by Energix. From flour to oil, salt to semolina, we offer everything a kitchen needs fortified, trusted, and tested.

## FLOUR

The Gold Standard of Nutrition and Precision

Sunridge Flour, our flagship product is a symbol of trust, **purity, and technological excellence**. Crafted from hand-selected golden wheat and processed at **Pakistan's first PESA Mill**, it embodies the pinnacle of flour innovation.

With **five premium variants**, each blend is engineered to deliver the perfect harmony of nutrition, texture, and taste, fortified with **Iron, Zinc, Folic Acid & Vitamin B12** to nourish generations. From household kitchens to industrial bakeries, Sunridge Flour represents **global milling precision, consistent quality, and the promise of better health in every grain**.

It's not just flour, it's the foundation of a healthier, stronger, and more nourished Pakistan.

## RICE

From the Heart of Punjab to the Tables of the World

Harvested from the **fertile plains of Punjab**, where the soil is enriched by river-fed minerals, Sunridge Rice embodies authentic taste, natural purity, and **consistent excellence**. Processed in **fully automated, world-class milling facilities**, every grain reflects precision, heritage, and trust.

Our **six distinctive variants** offer **aromatic long grains to versatile blends**, crafted to deliver unmatched **aroma, yield, and quality** across both retail and institutional markets. With **traceable sourcing, scalable production, and international certifications** Sunridge Rice proudly represents Pakistan's finest harvest, a true symbol of **purity and perfection**.

## KITCHEN ESSENTIALS

Purity refined, Excellence redefined

At Unity Foods, we go beyond milling, we **engineer perfection**. Our **Suji, Maida, and Besan** are produced in **HACCP-certified, European-grade milling facilities**, where **automation, precision, and hygiene** converge to deliver **internationally benchmarked quality**.

Each variant embodies uncompromising purity, superior texture, and balanced nutrition, crafted for both global manufacturers and discerning consumers who demand excellence in every grain. From export markets to local shelves, Sunridge Kitchen Essentials stand as a seal of trust and consistency — powering bakeries, food industries, and homes alike with ingredients that define **world class reliability and taste**.

## LENTILS & PULSES

Perfectly crafted, Pure nutrition

At Sunridge, we bring nature's finest proteins to every table. Every pack reflects our commitment to **excellence from seed to shelf**, Sunridge pulses are carefully sourced from premium farms and processed in **fully automated, state-of-the-art facilities**, ensuring **unmatched purity, freshness, and consistency** across every grain.

Rich in **protein, fiber, and essential nutrients**, our pulses deliver more than nourishment, they deliver **trust, traceability, and superior quality** that meet the expectations of discerning consumers and global partners alike.

## SALT

Pristine Quality & the Science of Balance

At Sunridge, we believe even the simplest ingredient deserves perfection. **Sunridge Salt** embodies **purity, balance, and wellness**, crafted through advanced refining to ensure **clarity, consistency, and mineral integrity** in every grain.

Available in **Iodized Refined Salt, Himalayan Pink Salt, and Refined Salt**, each variant is **enriched with essential minerals** that elevate both **flavour and well-being** turning a daily essential into a mark of **quality and trust** that defines the Sunridge promise.

## COOKING OIL

Where Purity meets Performance

Refined through cutting-edge European automation, Unity Foods' portfolio of edible oils, **Dastak, Ehtimam, Zauqeen, Lagan, and Sunridge** embodies technical mastery, nutritional excellence, and consumer trust.

Each variant is fortified with Vitamins A, D & E and Omega 3 & 6, ensuring purity, consistency, and superior taste. Backed by world-class refining technology and stringent quality control, Unity Foods stands among Pakistan's largest and most reliable suppliers of edible oil, trusted by leading multinationals for scale, precision, and uncompromised standards.

## CONFECTIONERY

Crafting Joy, one Bite at a Time

We're not just crafting confectionery, we're redefining indulgence in one of globally fastest-growing impulse food categories. Under our flagship brands **Good Goodies** and **Snacky**, we create moments of delight that blend taste and innovation with large-scale manufacturing mastery. From premium cupcakes, cookies, biscotti, and savory baked snacks, our portfolio caters to every craving with a wide range of flavors and variants offered under each product line. Each treat is carefully developed to excite the senses, deliver unmatched consistency, and uphold Unity Foods' promise of quality and transforming simple pleasures into a high-growth engine that strengthens Unity Foods' footprint in the value-added FMCG sector.

## SPECIALTY FATS

Where Science meets Indulgence

At Unity Foods, our Specialty Fats portfolio is designed to elevate every creation, from delicate pastries to indulgent chocolates. We offer a comprehensive range of Dairy and Non Dairy Fats for Chocolate, Confectionery, Bakery, all processed from the finest raw materials using advanced refining and fractionation technologies.

Engineered for consistency, texture, and superior functionality, our products meet the exacting standards of artisanal bakers and industrial manufacturers alike. Each formulation is developed with precision to deliver optimum melting profiles, enhanced shelf life, and impeccable mouthfeel, ensuring that every bite reflects perfection. Whether it's chocolates that melt seamlessly, pastries that rise flawlessly, or creams that stay smooth and stable, our Specialty Fats set new benchmarks in quality, versatility, and performance.

## ANIMAL FEED

Nourishing livestock, Powering productivity

At Unity Foods, our Pure Animal Feed range is engineered to drive optimal health, growth, and performance across poultry and livestock. Developed through scientific formulation and precision nutrition, every blend is enriched with essential proteins, vitamins, and minerals that enhance immunity, build strength, and ensure consistent productivity. From farm to feed, we deliver nutritional excellence you can trust, because healthier animals mean a stronger, more sustainable food chain.

## PRODUCT CUSTOMIZATION & PRIVATE LABELLING

Unity Foods Limited is a trusted partner for product customization and private labelling across its entire product portfolio, serving both domestic and international markets. Our ability to deliver consistent quality, scale, and innovation has enabled us to build long-term partnerships with some of the world's most discerning companies.

Other than exporting under our own brands we proudly support private label brands in **Singapore, Italy, the USA, and Cambodia**, ensuring our products meet the highest global standards. And the largest retail networks in Pakistan.

By combining state-of-the-art manufacturing, stringent quality assurance, and customer-centric flexibility, Unity Foods has established itself as a preferred private labelling partner for businesses seeking reliability, value, and brand differentiation.

## OUR CREDENTIALS

### Globally Certified Excellence

Endorsed by leading international bodies for quality, safety, and management systems.

### Uncompromising Quality Standards

Ensuring consistency, precision, and reliability across every product line.

### World-Class Food Safety Systems

Upholding the highest global benchmarks from sourcing to distribution.

### Commitment to Sustainability

Embedding environmental responsibility at every stage of our value chain.

### Built on Trust & Transparency

A legacy of credibility, integrity, and operational excellence.

## OUR MANUFACTURING FACILITIES & RETAIL NETWORK

Engineering the Future of Food – One Innovation at a Time

At Unity Foods, manufacturing isn't just a process – it's a pursuit of perfection.

We're transforming Pakistan's agri-food landscape through 9 world-class facilities that blend global engineering excellence with automated precision. Our vertically integrated ecosystem spans the entire farm-to-fork chain, powered by cutting-edge European automation, rigorous international food safety standards, and a relentless pursuit of innovation.

Built for the future scalable, export-ready, and globally competitive, our manufacturing facilities are about engineering trust, empowering growth, and shaping a resilient food system that will nourish generations to come.

## FOOD SAFETY & QUALITY CONTROL CHECKS

At Unity Foods, quality is not a checkpoint — it is our identity.

Every product that leaves our facilities carries the weight of trust, and that trust is safeguarded by one of the most rigorous food safety and quality control systems in the region.

### FLOUR

With **45 precision checks** from raw wheat to final packaging, our flour portfolio is ranked best-in-class by Nutrition International, setting the benchmark with world class standards for the industry in Pakistan.

### RICE

A two-tier process of **46 checks** (16 at raw stage, 30 through semi- and finished goods) ensures that every grain meets international benchmarks of safety and taste.

### EDIBLE OILS

Refined under **47 stringent parameters**, our oils are trusted to deliver purity and consistency that match the world's most demanding standards.

### CONFECTIONERY

The most rigorous of all, **99 tests in total** (65 raw material checks and 34 in-process and packaging evaluations) guarantee indulgence without compromise.

## TRUSTED WORLDWIDE, CRAFTED FOR YOU

We're not just a local leader — **we're a global force in food innovation.**

Every product we deliver reflects unmatched nutrition, irresistible taste, and uncompromising quality, trusted by millions across continents.

With exports reaching **25 countries across 5 continents**, our brands have become **synonymous with reliability, consistency, and excellence.**

**Innovation is not just our strength — it is our signature.** Fueled by strategic global partnerships and an unshakable commitment to quality, we continue to expand our international footprint, catering to the **diverse and evolving needs of global markets.**

At Unity Foods, we don't just serve the world, **we nourish it**, strengthening global food systems and setting new standards of excellence that inspire trust, growth, and shared progress across borders.

## AWARDS & ACHIEVEMENTS

## SUSTAINABLE SUPPLY CHAIN

Unity Group embeds **sustainability at the heart of its Farm-to-Fork strategy**, ensuring efficiency, transparency, and quality at every step of the value chain. From empowering farmers to delivering fortified nutrition to consumers, every process is designed for long-term impact and shared growth.

### EMPOWERING FARMERS

Providing free high-yield seeds, advanced fertilizers, and precision farming tools to strengthen agricultural productivity and income stability.

### DRIVING MODERNIZATION

Introducing smart farming practices and mechanized solutions that reduce dependency on manual labor and enhance efficiency.

### REDUCING POST-HARVEST LOSSES

Leveraging technology and efficient storage solutions to minimize waste and maintain consistent quality, ensuring greater value retention for both farmers and partners.

### WORLD-CLASS PROCESSING

Transforming raw materials at our state-of-the-art facilities built to meet global food safety and quality standards.

### EXPANDING ACCESS

Delivering products through retail, wholesale, and e-commerce channels, ensuring affordability and accessibility across Pakistan and beyond.

### CREATING SHARED VALUE

Building a resilient, future-ready supply chain that generates sustainable growth for farmers, partners, and consumers alike.

## EDUCATION & LITERACY

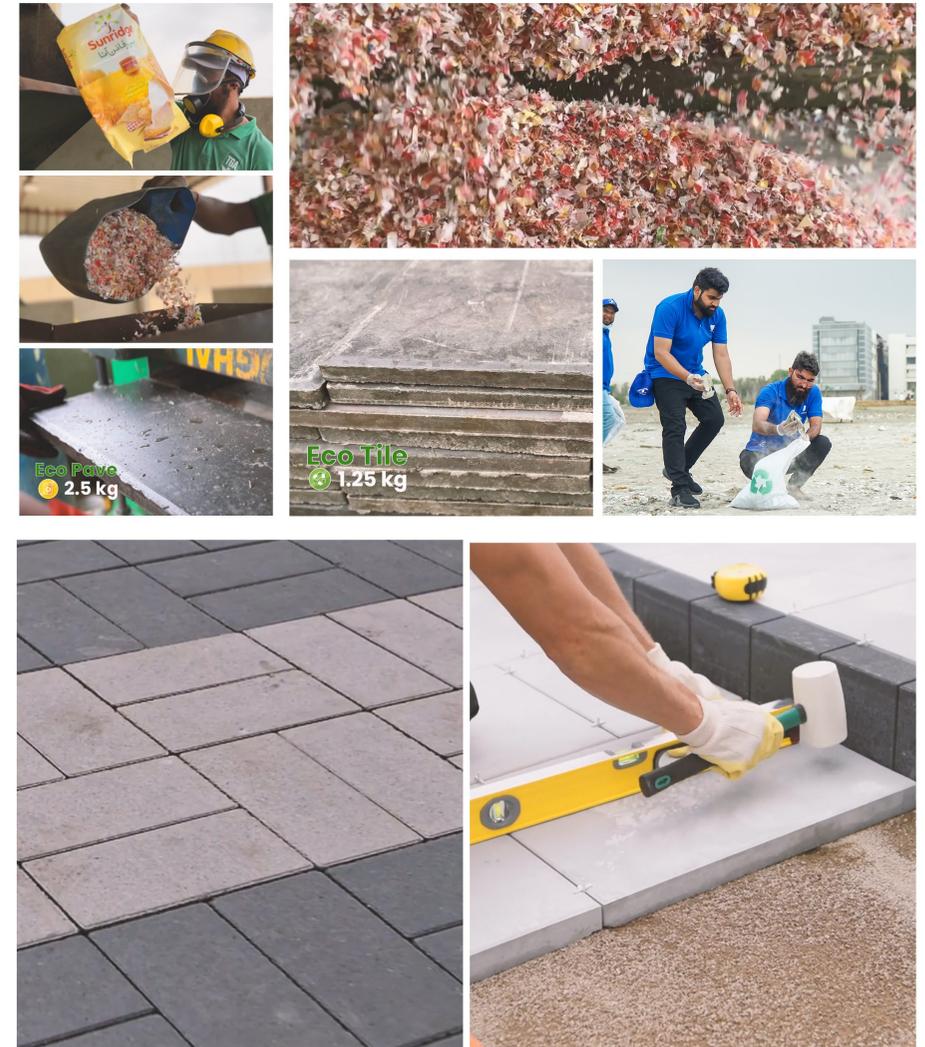

At Unity Foods, we believe potential is universal, opportunity is not. That's why we make it our mission to transform access to education into life-changing impact.

In Ghagghar Phatak, one of Sindh's most underserved communities, we proudly partner with The School of Karachi, ensuring that **200+ children** can dream beyond their circumstances. Our support is systemic investment, we cover school CAPEX and OPEX, fund teacher salaries, provide books and uniforms to students, and have established a fully equipped computer lab that arms students with essential digital skills for the future. Beyond schools, our **Unity Scholars Program** sponsors an **MBA student at IBA** each year, while our **continued support for IOBM** students enables leaders, innovators and change-makers of tomorrow.

## CLOSING THE LOOP

Unity Foods is committed to responsible growth, with a clear roadmap to **Net Zero by 2050**. Each year, our operations generate 21,600 kgs of multilayered plastic waste. In partnership with The Green Ark, we convert **this waste into green building materials**, actively reducing our carbon footprint and **promoting a circular economy**. Hand in hand with this, our employees champion annual beach clean-up drives, confronting plastic pollution and inspiring communities to rise together for a cleaner, healthier tomorrow.
