WHAT WE DO

A VISIONARY FMCG GROUP

Unity Foods Limited aims to provide food for life. We transform crops into products that serve the vital global needs of the food sector. We have diversified our business portfolio to operate with an assorted product mix for the global breadbasket, handling various agro commodities to connect them from the farm to the dining table. Our diverse portfolio includes **Edible Oils, Staples** (Flour, Rice, Kitchen Essentials and Salt), **Confectionery, Frozen Foods, Bakery Products, Specialized Fats**, and **Animal Feed Ingredients** for poultry and livestock. Through continuous innovation and a customer-centric approach, we offer tailored solutions that enhance product portfolios and drive profitability for our customers.

EDIBLE OILS

Enriched with Vitamins A, D, E, and Omega 3 & 6, our edible oils are available under renowned brands **Sunridge Oil, Dastak, Ehtimam, Lagan & Zauqeen.**

STAPLES

Our flagship brand, **Sunridge**, offers a variety of fortified staples, including **Flour, Rice, Salt, All-Purpose Flour, Semolina & Chickpea Flour.**

CONFECTIONERY

Our **Good Goodies** range offers wholesome indulgence enriched with Energix for a nutritious boost, while **Countryside Premium Cookies**, offers delicate flavors for a refined & elevated palette.

FROZEN FOODS

Sunridge value-added **ready-to-cook & fully cooked** products, include samosas, vegetable rolls, parathas, naan and meat delicacies for the ultimate convenience adding flavors to the consumers' tables.

BAKERY PRODUCTS

Crafted from our premium staples, our freshly baked goods are tailored for global customers and exports, featuring an array of **premium biscuits, biscotti** and a delightful **variety of savoury snacks.**

SPECIALIZED FATS

Designed to meet specific industry requirements, our specialized fats include:

- **Confectionery Fats:** Milk Fat Replacers, Coating & Creaming Fats and Cocoa Butter Substitutes to enhance quality and texture.
- **Bakery Fats:** Products like BONSHORT, tailored for ideal texture and melting properties in bakery and filling applications.

ANIMAL FEED INGREDIENTS

Catering to the poultry and livestock industries, our feed ingredients are marketed under the **Pure** brand, promoting animal health and productivity.

SPECIALTY FATS

BONSHORT (BAKERY SHORTENING)

PRODUCT DESCRIPTOR:

Bonshort can be tailor-made to meet the texture and melting requirements of various bakery and filling applications. It is a premium shortening derived from fractionated, bleached and deodorized palm oil. It imparts good plasticity and ease of use at ambient temperature.

BENEFITS:

- Good plasticity
- Leavening and tenderizing effect in dough products
- Provides a good texture and shortening effect for biscuits and cookies

PACKAGING:

20Kg Carton

CERTIFICATION:

KOSHER, Halal,
ISO 9001:2008
and ISO 22000:2005

ULTRA CHOCO (COCOA BUTTER SUBSTITUTE)

PRODUCT DESCRIPTOR:

A premium grade Cocoa Butter Substitute (CBS which is fully refined, bleached and deodorized), derived from palm kernel stearine under the most selective conditions of fractionation and hydrogenation processes.

BENEFITS:

- Has a neutral taste that does not affect the original taste of the product
- Increased heat resistance
- Good stability against oxidation
- Significantly higher hardness that gives the product its crunchy crumble

PACKAGING:

20Kg Carton

CERTIFICATION:

KOSHER, Halal,
ISO 9001:2008
and ISO 22000:2005

BONKOTE (COATING & CREAMING FATS)

PRODUCT DESCRIPTOR:

Bonkote is a fully refined, bleached and deodorized hydrogenated palm kernel oil. It is widely used in bakery and confectionery applications such as cream fillings in biscuits, wafers, caramel and vermicelli.

BENEFITS:

- Most suitable in replacing Cocoa butter confectionery coating
- It is odorless and bland in taste with a good stability against oxidation
- It can be added in desirable proportion to achieve specific hardness

PACKAGING:

20Kg Carton

CERTIFICATION:

KOSHER, Halal,
ISO 9001:2008
and ISO 22000:2005

BONKRIM (MILK FAT REPLACERS)

PRODUCT DESCRIPTOR:

Bonkrim is a fully refined bleached, deodorized and selectively hydrogenated coconut oil. It is an ideal lauric form of Milk Fat Replacers (MFR), made from a special blend of vegetable oils and fats. They can be used to replace milk fat in many products such as ice cream, sweetened condensed milk, vegetable cheese and other confectionery products.

BENEFITS:

- In ice creams, it produces a very stable and fine crystalline structure
- Fat is highly resistant to oxidation
- Has a bland taste and is completely odorless

PACKAGING:

20Kg Carton

CERTIFICATION:

KOSHER, Halal,
ISO 9001:2008
and ISO 22000:2005

ANIMAL FEED RANGE

PURE PALM KERNEL EXPELLER (PKE)

PRODUCT DESCRIPTOR:

Palm Kernel Expeller (PKE) is a by-product of the palm oil extraction process from the fruit of the palm.

PKE is a quality stock feed containing high levels of crude protein and medium energy levels.

It is completely safe to feed as a supplement for most classes of livestock.

PKE is ideally suited to feeding in conjunction with high energy feeds such as molasses or Biscuit Cereal Meal.

TYPICAL NUTRITIONAL ANALYSIS

Dry Matter	90%
Protein	17%
Energy (ME)	11.7 MJ/kg DM
NDF	54%
Crude Fibre	17.5%
Fat	8-10%

FEEDING RECOMMENDATION:

Suitable for feeding to lactating dairy cows. Requirements will differ depending on the current diet. As a guide, if feeding PKE, you should introduce slowly to adult dairy cows at 500g per cow per day, increasing to a maximum of kg per cow per day.

STORAGE:

Store in a dry area and ensure all precautions are taken to store away from bird and rodent infestation.

RAPSEED MEAL

ATTRIBUTES:

- Rich source of high-quality protein, supporting growth and development
- Provides a well-balanced amino acid profile for overall animal health
- Offers energy support through its carbohydrate content
- Contains essential minerals and vitamins for optimal animal performance
- Low levels of anti-nutritional factors, making it safe for consumption
- Versatility in use across various animal diets
- May improve feed efficiency when used correctly
- Contributes to the overall health, growth and productivity of livestock & poultry
- Valuable and sustainable feed option for the agricultural industry
- May improve feed efficiency when properly incorporated into animal diets

CANOLA MEAL

ATTRIBUTES:

- Rich source of protein (around 36-38% crude protein) with a well-balanced amino acid profile
- Good digestibility, ensuring efficient nutrient absorption and utilization by animals
- Low in anti-nutritional factors, making it safe for consumption
- Provides energy support through its carbohydrate content
- Contains essential minerals and vitamins for optimal animal health and productivity
- Environmentally sustainable as a byproduct of canola oil extraction, reducing waste
- Versatile use in various animal diets, offering flexibility in formulation
- May improve feed efficiency when properly incorporated into animal diets

YELLOW MAIZE

ATTRIBUTES:

- High energy content, supporting body temperature, physical activity, and metabolic needs
- Improves weight gain and growth, beneficial for beef production and finishing
- Enhances milk production in dairy cattle, leading to higher milk yields
- Rich source of starch, providing readily available energy and supporting rumen health
- Complements other protein-rich feeds, creating a balanced and cost-effective ration
- Palatability, encouraging consistent feed intake and supporting overall health
- Improves feed efficiency, ensuring efficient conversion of feed into meat or milk
- Flexibility in feeding, allowing various forms and formulations based on nutritional requirements
